DETAILED ACTION

EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Steven N. Terranova on April 28, 2004.

1. The application has been amended as follows:
 - In claim 14, line 11 after "adapted" delete "receiver" and insert - - to receive - -;
 - In claim 22, line 1 delete "21" and insert - - 14 - -;
 - In claim 28, line 18 after "adapted" delete "receiver" and insert - - to receive - -.

Information Disclosure Statement

2. The Examiner has not considered the following references cited in Form PTO – 1449 filed by the Applicant on April 22, 2004:
 - US Pat. 4,285,210, US Pat. 4,984,445, US Pat. 5,961,289, and US Pat. 6,026,866;
 - Non-Patent Literature titled "Brushless DC Cross Flow Fan CFS Series".

The Examiner considers that the abovementioned references are not relevant, and not even related to the art encompassed by the current application.

Allowable Subject Matter

3. Claims 14 – 20 and 22 – 28 are allowed.

The following is an examiner's statement of reasons for allowance:

- The references of the Prior Art of record fail to teach, or suggest any obvious combination of the limitations discussed in the previous Office Action mailed on March 24, 2004, and further comprising the limitations in combination **(With respect to claims 14 and 28)** of the semi-rigid lens being attached to a thin semi-rigid surface or membrane that is attached to the outside of the enclosure.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
